## Trojans

continued from page 13

lowed two second half turnovers — including a remarkable interception by GHS' Jason Elam to negate MCHS' final serious rally.

In the third quarter of play, Millington recovered a fumble to stop a drive, while the Red Devils intercepted a pass to stop a Trojan drive.

But perhaps the most exciting play began to open the last quarter when the Trojan's lineman Darius Coleman picked up a loose ball in the backfield and rambled 42 yards before being caught from behind. The play cut GHS' momentum and breathed life into Millington.

MCHS', however, again was unable to stick the ball in the end zone. It's scoring chance following Coleman's big play was short-changed when Joyner's go-ahead 32-yard field goal veered right.

The kick attempt preceded Germantown's scoring pass to Johnson.

While GHS outrushed the Trojans by 74 yards and outpassed MCHS by 70, the Trojans won the time of possession 25:03 to 22:57.

"I just can't say enough about the way we played tonight," said Hawkins. "Coach (Barry Waits, (Joey) Nesbit, (Mark Fisher) and Griffin did a great job of preparation. I don't think there was extra motivation playing Germantown, I just think it was an extra motivated week of practicing for these kids knowing how much they are improving each week. We told them after the game that their day is coming soon on the scoreboard."

MCHS will now travel this Friday to take on regional rival Munford (6-1), who were upset by Jackson Central-Merry last week 27-19.

## PUBLIC NOTICE

The Navy intends to transfer property and facilities comprising a portion of Naval Support Activity (NAVSUPACT) Mid-South (formerly NAVSUPACT Memphis) to the City of Millington. This property, previously a Naval Air Station, was used to support an airfield and aircraft maintenance needs for the Department of Defense. Currently, the Navy is undertaking certain environmental investigative and remedial activities at NAVSUPACT Mid-South to address hazardous substance contamination on this property. A document called the Covenant Deferral Request (CDR) has been prepared which, if approved by the Governor of Tennessee, will allow the transfer to take place prior to the completion of remedial activities. This draft document is available for public review. Copies may be viewed at the Shelby County Public Library (Millington Branch, 4858 Navy Road); NAVSUPACT Mid-South (see Ms. Sue Hosmer Millican, Public Affairs Office, Building 455), and the Tennessee Department of Environment and Conservation Field Office in Memphis (see Mr. Jim Morrison, Suite E-645, Perimeter Park, 2510 Mt. Moriah). Comments should be postmarked by November 13, 1998, and addressed to:
